Budge Budge College

DEPARTMENT OF ENGLISH

ONE-DAY SEMINAR on

**'GODS AT WAR AND THE PERILS OF MEN:A
STUDY OF THE ILIAD'**

16thJanuary,2023

ACTIVITY REPORT

Department of English, Budge Budge College organised a day-long seminar on '**GODS AT WAR AND THE PERILS OF MEN: A STUDY OF THE ILIAD**' on **16thJanuary, 2023**. It was held at the Budge Budge College Auditorium from 12 noon. Dr. Partha Pratim Chaudhuri, Associate Professor of Department of Zoology presided over the only session of the seminar. The eminent speaker, Dr. Madhumita Majumdar, Associate Professor and Head, Department of English, Diamond Harbour Women's University was greeted with bouquet by our students. After a gracious introduction of the speaker and her subject by the Chair, our eminent resource person took the podium. She addressed the audience with an extremely insightful audio-visual presentation on the above-mentioned theme.

The seminar was attended by 54 students of semesters I, III and V of the Department of English, faculty members and non-teaching staff of the college. The speaker tried to present the theme of the nuanced politicized interrelation between gods and participants of the epic war of Troy as mentioned in Iliad. Her emphasis on the nature of discourse between two categories of participants belonging to two echelons of power was eye-opening for all those present in the seminar. The riveting nature of the talk brought forth many relevant questions from the audience, both students and faculty members. The discussion that ensued proved to be a truly enriching experience for all the participants.

Finally, the session came to a close with a heartfelt vote of thanks from the Chair.

Budge Budge College
Report of Seminar: Department of Geography,
3rd February 2023

Under aegis of the College authorities, the Department of Geography had a Departmental Seminar to enrich the students regarding remote sensing & GIS on 3rd February 2023.

Ms. Mum Mum Nandy Assistant Professor of Hiralal Mujumdar Memorial College for Women was the Eminent Speaker on the occasion and not only delivered a lecture but also had a fruitful interactive session on the topic an '**Application of the Geographical Concept of Map-making in the Study of Environment and Disaster Management.**' Over the course of lecture, she covered various areas which are being summarized as follows:

The Speaker focused on highlighting the role of geographical concept of map making in the study of environment and disaster management; as maps provide visual representation of spatial data, they enable one to understand the complex relationships between environment, natural resources and potential hazards.

Some key applications of map making used in order to study environment and disaster management were discussed by the Speaker. These include:

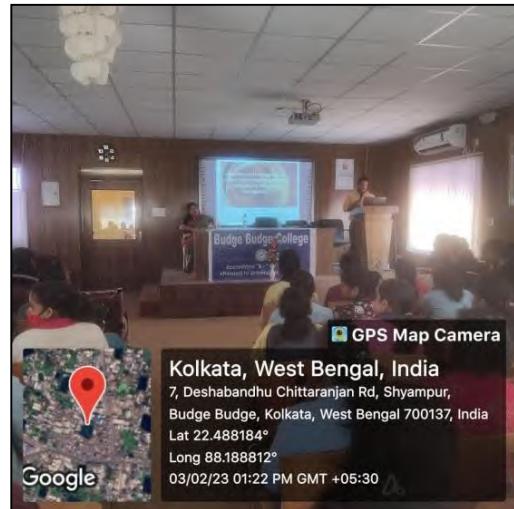

- **Hazard Mapping:** It enables to identify areas prone to natural hazards and demarcate high-risk zones for effective disaster preparedness and response planning by analyzing both historical data and environmental factors through maps.
- **Resource Management:** Employing maps to locate and assess the distribution & availability of resources and facilitate informed decision-making regarding their sustainable utilization and conservation; thereby assisting in natural resources management e.g. water, forests, minerals.
- **Environmental Impact Assessment:** Utilizing maps to identify sensitive ecological areas, endangered species-habitats and other environmental features, assess impact of development projects, thereby helping planners and policymakers to minimize adverse effects and mitigate risks.
- **Land Use Planning:** Maps aid in land use planning by appropriate siting of infrastructure development, urban expansion, by depicting current land cover, land ownership as well as zoning regulations, prevalent environmental factors and conservation issues in the area.
- **Emergency Response and Recovery:** During disasters, maps play a vital role in emergency response and coordinating rescue operations, assessing damage, locating affected populations, recovery efforts and planning the distribution of resources and aid.

The address by the Speaker was followed by a stimulating interactive discussion session with the students who clarified their concepts, shared their doubts and experiences and were illuminated and enriched by the Speaker's explanations and detailed Example-oriented response associated to real World and local daily events, to which the students could relate directly.

The Seminar was a success as it helped students to comprehend firstly, the crucial role of maps and Geographers in assessing and managing environment, disasters, risks through identification of spatial patterns and interrelationships and secondly, grasping their role in enabling effective decision-making regarding sustainable resource management and resilient disaster preparedness and response.

DEPARTMENT OF ZOOLOGY

Activity Report of Seminars Organized on 21.02.2023 & 25.03.2023

In the series of various academic activities two departmental seminars were held on 21st of February, 2023 and 25th of March, 2023 respectively by Department of Zoology, Budge Budge College at the College Auditorium Hall.

The chair of the seminars was Dr. Partha Pratim Chaudhuri, Associate Prof. & HOD, Department of Zoology, Budge Budge College, who welcomed the gathering and introduced the seminars along with brief opening remarks.

The title of the seminar held on 21st of February, 2023 was "**Wildlife in Village Ecosystems: Our Traditions**", presented lucidly by **Arijit Chatterjee**, Faculty, Department of Environmental Science, Asutosh College, West Bengal, India, he started with a brief introduction with the importance of villages in conservation of Wild life ecosystem. He presented a study in South West Bengal unveiled an astonishing diversity of 40 mammal, 52 reptile, and 15 amphibian species in villages. The positive attitudes and traditional knowledge of coexistence fostered by local communities, driven by ecological benefits, resource value, religious beliefs, sacred identities, contribute to the persistence of wildlife in these villages.

The title of the seminar held on 25th of March, 2023 was "**SEX: The Queen of Evolutionary Problems**" was conferred by Prof. Silanjan Bhattacharyya, Faculty, Department of Zoology, West Bengal State University, 24 Parganas (N), India where he depicted intersexual and intrasexual relationships among animals and enriched the auditors with his enormous knowledge about secondary sexual characters of animals.

After their lectures, students took part in an interaction and cleared their doubts with the presenters. All the students of Zoology department as well as other disciplines were participated spontaneously in these seminars along with teaching and non-teaching faculties.

The chair also gave the concluding remarks and vote of thanks were given by Dr. Partha Pratim Chaudhuri, Associate Prof. & HOD, Department of Zoology, Budge Budge College.

Key Concept

The global Covid-19 has hit the Indian economy at a time when growth has slowed to the lowest in a decade. In the recent past, there were signs of green shoots of recovery in the Indian economy. However, the impending outbreak of the virus is likely to severely impact the recovery process. The government and regulators have responded by providing an economic stimulus package with several measures to shore up liquidity and provide forbearance on several financial and compliance commitments. The pandemic is impacting the financial services sector in multiple ways – from business continuity issues and operational considerations to the overall financial outlook. In this respect Financial Institutions need to plan for a multiple scenario till operations are normalized keeping both their customers as well as employees needs at the centre of their businesses. Under these circumstances this webinar is an attempt to assess the potential impact of the shock on various sectors of Indian finance market and Indian economy and put forward a set of policy recommendations for specific sectors.

About the College

Budge Budge College, an institute of higher education was established in the year 1971 to fulfill the dreams of a few noble souls of that era. The college aims to foster an atmosphere of all-round development amongst the students keeping in view the changes in the teaching and learning procedure. The main objectives includes to provide value based education, to provide adequate access to apposite resource materials for students and to serve the rural student community of 24 Parganas (South), in a bigger prospective and upliftment of the students so that they can play their part in the society in a better way. Mission of the college is to move towards excellence in higher education. The vision of the college is to make the students self reliant and to inculcate love of knowledge and provide holistic inclusive education to the student coming from every stratum of the society so that they can establish themselves as ideal responsible citizens and ensure the development of the society they live in. The college has been successfully completed its second cycle of NAAC accreditation and was adjudged B+ institution. The college has also been included in the prestigious RUSA 2.0 programme.
