PRINCIPAL DESK
It is my great pleasure to write for this prestigious College. Budge Budge College was established on 10th December 1971. Initially the college was located in a different location with few classrooms. Later it was shifted to its present position. This College was lucky to have the famous writer late Narayan Ganguly as its Founder President of the Governing Body and the founder principal was late Prof. Prithwis Dutta. The college has played its role since all these years for the development of education in the suburbs of Kolkata.

WELCOME TO BUDGE BUDGE COLLEGE

Budge Budge College was established on 10th December 1971. Initially the college was located in a different location with few classrooms. Later it was shifted to its present position. This College was lucky to have the famous writer late Narayan Ganguly as its Founder President of the Governing Body and the founder principal was late Prof. Prithwis Dutta. The college has played its role since all these years for the development of education in the suburbs of Kolkata.

The township of Budge Budge itself has its own significance in the field of culture and freedom movement of India. The College is located in the vicinity of Budge Budge Railway Station and occupies an important position in the locality. Hence to serve the students in the larger area has been possible for the College. Day by day this College has created its own aura and significance in spreading education in West Bengal particularly to the middle class & lower middle class families. Students of this College come from all spheres of society. We have large numbers of female students to take care of. Most of our students are well established in their life and playing their role as good citizens.

E-Governance Policy

Budge Budge College takes a holistic view on the e-Governance initiatives across various activities of the college in an efficient manner. The broad areas of e-governance are usually in the domain of Admission, Examination, Finance and Administration. It aims at planning and facilitating any infrastructure for the deployment of cutting edge applications and deployment of solutions for seamless administration of the college.

Budge Budge College has recently proposed to unveil a policy document on e-Governance for efficient deliberation of the pressing need to address the issues of various stakeholders viz. Students, Faculty, staff, Government and community in a staged/phased manner.

Vision:

To enhance the system of governance for the overall development of the college by leveraging technologies.

Mission:

To address and deploy feasible solutions and ideas in order to streamline various academic and administrative activities of the Institute for seamless data access enabling better decision making.

Objectives:

1. Implementation of E-governance in all functioning of the institution in order to provide simpler and efficient system of governance within the institution.
2. To promote transparency and accountability in all the functions of the college
3. To achieve and create a paperless environment in the college.
4. To provide easy and quick access to information.
5. To make campus Wi-Fi enabled.
6. To make our Classrooms ICT Enabled having Desktops, Laptops, Smartboards, Projectors, etc.
7. To establish a fully automated Library

Area of Implementation:

The college has identified the following areas for efficient delivery of services and proposed to implement the same in a staged manner.

1. General Administration
2. Student Admission and Examination
3. Internal & External Examinations
4. Finance & Accounts
5. Library

The College decides to make the following policies and procedure:

General Administration: The college website acts as a mirror of the college activities and information about all activities, important notices etc. should be made easily available. Website is hosted & deployed by a third party on a secure platform. The website will act as an information centre which will reflect about the college, all its activities, important notices, courses offered, etc. A Website Committee is already in place for the administration of the college website. The Committee will look after the process of updating, maintaining and working of the website on a regular basis. The Committee will also look for other changes that are required on the website. The College strives to showcase its vibrant self and activeness through its website. All the important notifications have to go live on the website as and when they are released.

Student Admission and Examination: An open and transparent strategy for the admission process is followed which is further strengthened by the ethical practices and regulations. The College brings out its Brochure which is displayed on the website that has guidelines for the admission process. An Admission Portal to be used to manage the admissions in the college. Number of students applying to each course, withdrawals, fee submission, all to be managed through this Portal only. Students are required to submit a separate Online Application Form for taking admission to the college and for this purpose an online software is already in place, the entire admission process is looked after by the Admission Sub Committee. examination rules are determined by the University of Calcutta and the college is bound to follow such rules.

Finance/Accounts: The office maintains its accounts on a customised software package developed by a third party vendor keeping in my mind the requirements of the college. Advanced features help the office staff to maintain financial records effectively and efficiently. Receipts and Payments Account, Income and Expenditure Account and Balance Sheet are generated through this software only. Appropriate security measures should be taken for maintaining confidentiality of the transactions. The College also uses multiple software like IFMS maintained by Govt. of West Bengal, Public Financial Management System (PFMS) etc. which is used to manage the funds received from the Government, Payroll Management System which helps to automatically calculate the salary, generate salary slips, disperse the salary to the bank accounts. TDS, Provident Fund, Allowances, etc. all are managed by this system. Reports can be generated for all Staff members. Payments are generally made and received through online mode such as NEFT, RTGS, Bank Transfers, etc.

Library: The College continues to maintain its academic excellence through maintaining a well-stocked library. The College will add more and more e-learning resources for the benefit of the teachers and the students. The College should continue to subscribe to new journals and books regularly. Recommendations are taken from the teachers and students while subscribing to the e-resources. Teachers can apply to get books of different authors for the subjects they are teaching to increase the knowledge database. The Library already has installed fully automated Koha software. The use of Online Public Access Catalogue module of the software to allow library database searching by entering preferred terms for information retrieval. The Circulation module of the software should cover all the operations of circulation, right from creating member records to printing of reminders for outstanding book.
