AND

Raidighi College, established on May 16th in the year 1995, has emerged as one of the most promising educational institutions in the district, as well as in the state. It started functioning at the initiative of some sincere and selfless local people and under the guidance of a number of enthusiasts.

Raidighi College is located in an area which is socio-economically backward. Natural calamities are part and parcel of the people of this locality. Apart from local inhabitants, poor students from far-away islands of the Sunderbans also come to pursue their higher studies here.

Raidighi College was established with a mission to cater higher education to the poverty-stricken, under-developed community of this region and to develop the students into self-sufficient and responsible citizens through comprehensive education based on carefully prepared and well-designed curriculum. This college provides quality education and exposure to the students and equip them to cope with the latest requirements, through innovative techniques and practices.
